HP 280 G6 Microtower PC

Maximize your investment

Take on your everyday work at an affordable price with the HP 280 MT. Get the reliable computing power you need while minimizing the total cost of ownership—now that's a smart investment.

HP recommends Windows 10 Pro for business

- HP recommends Windows 10 Pro[1] for business
- 2TB hard drive[2]

Powered up processing

- Keep up with daily tasks with performance from a 10th Gen Intel® Core™ processor[3], optional NVIDIA® or AMD discrete graphics[4], up to 64 GB DDR4 memory[4], and slots for future growth.

Expansion for the future

- Three bays and two full-height slots, including PCIe x16 and PCIe x1 slots, provide expandability for the future. Configurable USB ports[4], serial ports[4], and legacy ports[4] help ensure broad compatibility with existing technology.
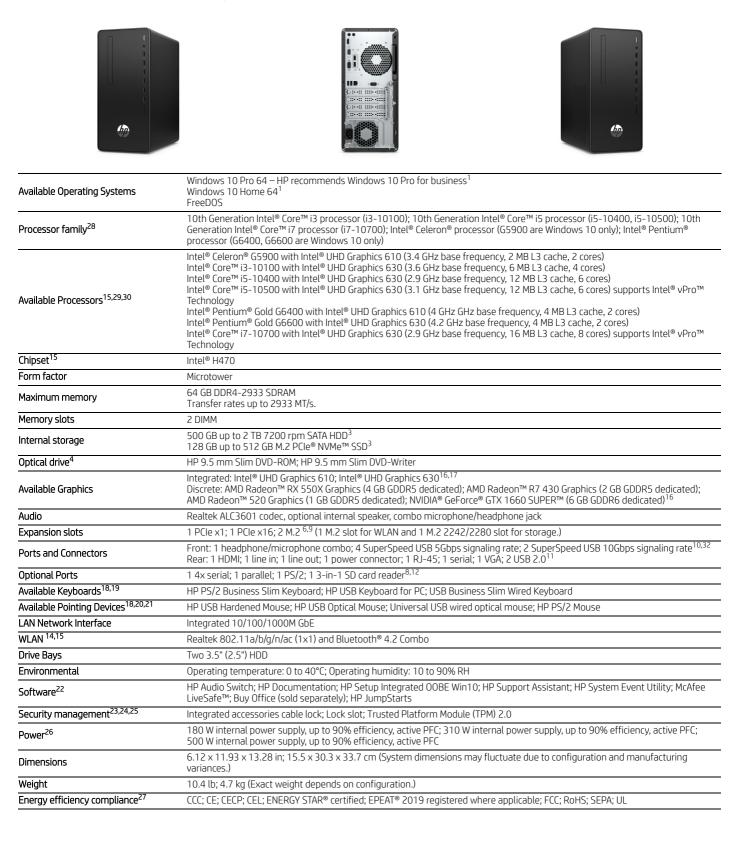

Help keep data safe

- Help protect your investment and your data with firmware or discrete TPM, HP DriveLock[5], and a physical security lock. Additional security is provided by an optional intrusion sensor and an integrated cable lock system to secure your cabled devices.

Ready for work

- The HP 280 MT provides a powerful PC with a double-fan design to accomplish your everyday tasks.

- Help secure the future of your business. PCs from HP make the most of Windows 10 Pro to protect you from today's security threats and maximize management and productivity features for business.[1]

- Get fast and easy connections with optional Gigabit WLAN featuring 802.11ac protocol and Bluetooth® 4.2 connectivity.[6]

- Support two independent displays with VGA and HDMI connectivity, plug in several compatible USB devices, and utilize an optional serial port.[4]

- Help keep unauthorized users from accessing data on your primary drive. Prevent your primary drive from running without entering a password using HP DriveLock.[5]

- Spend less time and get right to the updates you need with HP Support Assistant.

- Help secure your PC with a physical security lock, an intrusion sensor, and an integrated accessory cable lock to secure your cabled mouse and keyboard on the HP 280 MT.

- The optional high-efficiency power supply and molded-pulp packaging keep sustainability in mind.[4]

Messaging Footnotes

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See http://www.windows.com.
[2] For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 36GB of system disk (for Windows 10) is reserved for system recovery software.
[3] Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.
[4] Sold separately or as an optional feature.
[5] HP DriveLock supports primary storage only.
[6] Sold separately or as an optional feature. Wireless access point and internet service required. Availability of public wireless access points limited.
